**Would you like a free computer?** The community will have computers to give away on a merit system, with the help of Councilman-elect Linn Hendershot. The details are being considered as to how to distribute the computers. **SPEAK UP**

**The fences (in Bethel Gardens Apartments.)** are better for our community.  
*Submitted by Sierra Frisby*

**The fences will save the grass** and look nice, I don’t know if they’ll stop crime. Those boys will jump them fences running from the police.

**Congratulations to Mary “Pickles” Spencer, Harry “Buck” Barnett Sr., and Cathy Dotson** who receive an award from Maryland Lt. Governor Kathleen Kennedy Townsend, for their volunteer work. The three were among 42 recipients from 300 people considered statewide.

**Treat our community “better”.**

*Submitted by Alicia Chacon*

**A big thanks to Mr. Pay Burnett and Mr. Joe Smith** for helping cut grass for tenants on Sumans Avenue so they could avoid a \$30 tenant charge for lawn mowing.

**The City of Hagerstown elections are over** and a Democrat majority is in office to run the city. Councilman Wally McClure once suggested the citizens of Hagerstown seriously consider electing the city's first black representative. Even the Herald Mail's Bob Maginnis mentioned in his editorial column that Brothers United Who Dare to Care should persuade a member of the black community to run for public office. I believe a black candidate could only stand a fair chance of being elected, in Hagerstown, if the city voted by district instead of at large. A black representative may get elected in this city in an at large election, if large money was in the campaign.

*Submitted by Andy Smith*

**I have nothing against white power**, so I hope no one has anything against black power. I sure hope the City of Hagerstown is prepared to take action against hate groups of any kind. Power to the people.
